MOUSTAFA ABDELRAHIM

Junior Front-End Developer | IT Support Specialist

moustafaabdelrahim01@gmail.com
+48 511 906 307
Warsaw, Poland

Motivated and adaptable IT professional with hands-on experience in front-end web development, technical support, and customer service. Skilled in HTML, CSS, JavaScript, React, Tailwind CSS, and REST API integration, with a solid foundation in computer science, networking, and problem-solving. Fast learner and strong multilingual communicator, committed to continuous growth and to delivering reliable, user-focused solutions.

WORK EXPERIENCE

2025 – Present

Junior Front-End Developer | Independent & Academic Projects

- Built responsive, accessible web pages using HTML, CSS, JavaScript, React, and Tailwind CSS.
- Integrated REST APIs to fetch and display dynamic data within front-end applications.
- Developed and maintained front-end projects through academic coursework, independent study, and practical project work.
- Applied responsive design principles to ensure cross-browser and cross-device compatibility.

2024 – 2025

IT Help Desk Technician (Entry-Level) | BUCIT Academy

- Provided first-line technical support for hardware, software, and network-related issues.
- Diagnosed and resolved common Windows operating system and application problems.
- Assisted users with account management, password resets, and basic cybersecurity practices.
- Installed, configured, and maintained computer hardware, software, and peripheral devices.

2022 – 2024

Customer Service Representative (English) | Teleperformance / Concentrix – Vodafone UK

- Delivered high-quality customer service across phone, email, and live chat, ensuring timely and professional communication.
- Resolved customer issues by identifying root causes, proposing solutions, and escalating complex cases when required.
- Built and maintained positive customer relationships through empathy, active listening, and strong problem-solving skills.

EDUCATION

In progress

University of Technology and Arts in Applied Sciences (UTA) | Warsaw

Engineering degree – Information Technology and Computer Science (full-time student)
